## BOIL WATER ADVISORY

Under an abundance of caution all customers located along Hwy 56 beginning with 8121 up to and including 8151. In addition all of Co Co Marina's properties, Pier 1,4,5,56 and Hagedwood Ct. and those customers located along Crab Street are advised to boil their water before consuming it. Pressure was reduced below 20 psi as a result in the main water line breaking. Our Crews are repairing the water line now. Please refer to [www.ldh.la.gov](http://www.ldh.la.gov) or our website, [www.tpcw.org](http://www.tpcw.org), for additional information. Please boil water for 1 full minute in a clean container before consuming. It is recommended that our customers disinfect their water before consuming it (including fountain drinks), making ice, brushing teeth, or food preparations.

We will notify you when water samples have been tested and the water is safe to drink. Please do not consume the water until we notify you that all samples tested have passed. The Boil Water Advisory will be in effect until Thursday morning at the earliest
